Plan Z

Why would anyone need a “Plan Z” ?

The truth is my “Plan A”

was to get a good education, good job, and “live happily ever after”
Army Combat Tank Commander, Newspaper District Manager, and more.....

That worked for a while (15 years). Then I moved on.....

I went to “Plan B”, and started my own real offline business, selling and installing
satellite dishes. Big ones, small ones, popular ones, and unique ones. 13 Years.
That worked great UNTIL the *great collapse* of the economy in 2008.

But, I Loved Working For Me!

Next I started on “Plan C” and got involved in all sorts of things online, as jobs and
business opportunities dried up offline. Vitamins, travel certificates, blogs.....etc.
Too many games and gimmicks. Upgrades, false promises, (at least for me) and just
plain MORE of MORE, MORE, MORE.

Not More Income, as I desired, just **more work and expense**.

More time learning different things: programming, coding, marketing, and MORE.

Those were Plans C, D, E, F, and MORE.....

I learned many things, and made money, so it wasn't all a “waste”. **It was an education.**

Hello.

My name is [Zack Darcey](#). ← (click to [contact me on Facebook](#))

I live in beautiful Reno, Nevada with my wife of 30 years. My 2 grown children live in Reno also.

My life, like many of you, has been filled with ups and downs. That’s just the way life goes, most of the time.

Since I couldn’t find a better way to help people get out the rut, **I decided to create one.** Create a system that was legal, and easy, and affordable, and remain profitable for the long run. To help as many people as I could, afford the better things in life, or just to be able to buy braces for their children or grandchildren. Get out of debt. Travel. Retire. My daughter’s braces cost \$4,200 years ago, and it hurt our budget at the time. But we knew we wanted her to have a great smile forever! So we sacrificed. It worked.

I don’t want people to have to choose between braces and food. Between a trip to the beach or a picnic in the park. More money doesn’t cure problems, but it does offer choices, makes life easier, and more enjoyable, for many.

And **DEBT certainly causes a LOT of PROBLEMS!**

The biggest problems I found in online marketing were

It is ever evolving, New website techniques and formats, mobile phone integration, “funnels” and so many more things that meant

YOU COULD NEVER BE AN EXPERT AT EVERYTHING By YOURSELF!

So LET OTHERS HELP...and they will

even if their only motivation was GREED.

And **Training others** to replicate my actions and desires **proved to be a chore.**

So it had to be simple.

“LIGHT BULB MOMENT”

They all had just one thing in common.....

ADVERTISING

Everyone Needs Advertising It works for Google, Facebook, Ford, IBM, Allstate, and every other business, charity, opportunity, etc. out there. So it could work for anybody.

And make it **BOTH** an advertising vehicle **and** an income opportunity in **ONE** simple and affordable program. Welcome to Leveraged Ads & Income Solution.

I want millions to **free themselves from DEBT**, without going deeper into it. It simply is NOT NECESSARY.

My brother and I created an advertising platform that costs **\$600 for 1 YEAR**. That's it.

NO MONTHLY BILL

Here's how simple it works:

You pay \$600 cash, by mail, to LAD15. I know that sounds sketchy, and old fashioned but there is a method to our madness. NO CREDIT Card debt. NO Fees or *frozen accounts* from “processors”. NO Chance for UPGRADES, OTOs etc. **Cash is REAL**

There are NO REFUNDS. Cash by mail makes that point really clear for everyone. The United States Postal Service has very strict laws about mail fraud & we comply.

We then give \$100 of that to each of the 5 advertisers you see on the page you visited (each person has their own unique page).

#1 was the person **directly responsible** for bringing you this opportunity.

You will NEVER have to send in another payment.

No credit card information is ever taken or accepted. That would eliminate some people. We want **everyone** to have the ability to lift themselves up.

You then post your ad. Advertise a business you are already involved with. A charity. Your Facebook page. **No biz even needed to start. Use our 100% FREE examples.**

Then get **YOUR OWN PAGE**, with **your ad in the #1 spot**, out there in the world to people who might be **interested in YOUR AD!** You are also advertising for the other 4 advertisers on your page, accidentally. You are also advertising our advertising & Income opportunity, again, accidentally.

Here's the kicker. I may have used my Facebook friends. You may use YouTube. Someone you sign up might have an Instagram following. My ad gets exposure to all of these sources I did not have to learn or use. As will your ad, too, once you get it started.

Our feeling is that if you can't make advertising work for you in 1 year....QUIT.

That goes for any program out there, in my opinion.

By design, we want you to **work your butts off for 1-3 months**, then relax. Enjoy Life.

That gives you **an entire year** to come up with enough exposure of your page to gain **ONE, just ONE**, new advertiser. Although we do suggest that you get 5 or 10 or even 15!

2=\$200 5=\$500 10=\$1,000 15=\$1,500 UPFRONT-your own EFFORT

That's a "No-Brainer" for most people trying to start an income from home.

Or grow an opportunity they may already be involved with.

Many can have their 1st customer **within an hour** of activation.

(Facebook/Email/In person/upline/downline/Instagram/Twitter, etc)

Maybe even 10 or more. **Advertising is a product that everyone needs and uses.**

Put the effort of CROWD-SOURCING into your Advertising Efforts!

Here's How it EXPLODES YOUR ADVERTISING EFFORTS

You Show Your Custom Page To **1,000 people**

When 10 purchase (1%) the #1 spot from you, Your ad is "pushed" to the #2 spot.
They now show THEIR ad to 1,000 people
TIMES 10 people doing it, with your ad in the #2 spot, is **10,000 more veivs**

The 10 who purchase from them each show THEIR ad to 1,000 people
TIMES 100 people doing it, with your ad in the #3 spot, is **100,000 more veivs**

The 10 who purchase from them each show THEIR ad to 1,000 people
TIMES 1,000 people doing it, with your ad in the #4 spot, is **1,000,000 more veivs**

The 10 who purchase from them each show THEIR ad to 1,000 people
TIMES 10,000 people doing it, with your ad in the #5 spot, is **10,000,000 more veivs**

There are no guarantees of the number of ad veivs or click throughs
This is a mathematically possible example only
In this example
You only showed your ad to 1,000 people but it could end up being seen by
MORE THAN 11 MILLION prospects

If more than 11 million people knew that your product, service, or plan existed,
Including More Than 100,000 Actual BUYERS
Do You Think That SOME might be interested?
Of course they would.
Place Your Ad Today!!

That is a simplified 10 x 1,000 example. You may do better or you may do worse.

Those you sign up may do better, or they may do worse.

No matter the actual numbers, others will help get your message out
while only try to help themselves.

The perfect Crowd-Sharing formula.

For Both **Your Advertising**
and **Your Income**

The following chart shows a “perfect numbers scenario” regarding AdSpot sales Only **Not including** the profit you may gain from your Ad itself (just the vehicle)

NOTE: “Perfect numbers scenarios” rarely come true YOUR RESULTS WILL VARY
